

## ASSETS OF COMMUNITY VALUE

The Localism Bill gives communities the right to designate buildings as Assets of Community Value. Such buildings must be offered to the community to buy before they are sold on the open market. Facilities such as shops and pubs are being taken over and run by communities under this scheme.

Are there facilities that you would not wish to see lost from the Parish?

## RECREATION, PLAY AND COMMUNITY FACILITIES

Is there enough play provision in the Parish and is it the right type for the ages who use it?

Does the Parish need some nursing homes and care establishments?

Did you know that a skate park and 'trim trail' are about to be built?

Tell us what you think.
