

THE STORY SO FAR

Between 2011 and today, 29 new homes have been built in the Parish.

15 further new homes are to be built on land at Steele Close.

The second appeal into 19 homes at Smock Alley has been dismissed.

The appeal into 3 new homes at Hatches House has been dismissed.

STRATEGIC ALLOCATION

The Parish does not have an unmet strategic allocation for further new homes.

The housing needs identified in the 2014 Housing Needs Study will largely be met by the existing and proposed developments.

FUTURE STRATEGIC ALLOCATION

The 2016 SHLAA issued by Horsham DC has identified land at the western edge of Hatches Estate as a possible site for 15 homes in the next 6-10 years.
